

FAQs & Helpful Hints

- ✓ **Why use wire hangers?**
Wire hangers are thin but durable, take up less room than plastic, and slide easily on the metal racks.
- ✓ **Why use cardstock?**
Cardstock holds up better than normal paper. We are not responsible for tags that are torn or ripped off. If an item sells with no tag, you will not receive credit for that item. Proceeds will be donated to GMV.
- ✓ **Why our tags are great!**
When you open the PDF document for our tags, they are interactive! You type your seller ID once, and it will automatically populate all the tags. Very quick, convenient, and legible! If you prefer, you can type all of your tags.

How to make the most money!

- **Write clearly and legibly.** If we can't read your Seller ID, we can't pay you for the item you have sold. (Note that the template for the tags enables you to type in your Seller ID before printing)
- **Use cardstock for your tags rather than regular paper.** This will ensure that your tag isn't torn or ripped from your item. If an item is sold, but the tag is missing, we will price it and tag it as "GMV"
- **Price your items to sell!** Best rule of thumb is to price items no more than 1/3 of the original price.
- **Clean and fresh items sell best!** Clothing must be clean. Toys and other items must be clean, completely assembled, and fully functional. If a toy needs batteries to operate, have batteries in it.

Suggestions/Helpful Hints

- **Please use more than two digits for your seller ID.** If you already have a seller ID with two digits, you do not have to change. However, if you have never contributed before or are using a new Seller ID, it is helpful if your seller ID has a combination of letters and numbers (we suggest your first and last initial and the last 4 digits of your phone #). Shorter seller IDs leave more room for keying errors as well as the possibility of two sellers having the same ID.
- **Fill in tags COMPLETELY-** double check seller number and price.
- **Please know your Seller ID on pickup day** as it saves you the time of us having to look it up before sending someone to gather your items.
- **Please bring all of your items at one time during receiving.** We will ONLY make exceptions for large items (play set, furniture, etc.) If you bring your items in several trips, it is difficult for us to obtain an accurate count of the number of items you are contributing. Having an accurate count helps us determine if you are getting paid correctly at the end of the sale.
- **If you have more than one Seller ID, you MUST complete a separate "Seller Form" for each Seller ID.**
- **All Receiving and Sale times will be strictly enforced-no exceptions.** This enables us to better serve our Sellers and Shoppers. Your cooperation is appreciated.
